Category:	cdm-vaadin	Estimated time:	0:00 hour
Target version:	Release 5.2		
Severity:	normal		
Description The strategy followed in #7523 effectively blocks creating registrations for existing names, which makes not much sense. We need to allow creating registrations for existing names and have to guide the user. Two situations need to distinguished and explained to the user: <ol style="list-style-type: none">1. Creating a registration for the name which has been chosen.2. Creating a registration only for type designations. This involves to create a blocking registration in case the existing name is not yet registered.			
Related issues: Related to EDIT - bug #7523: RegistrationWorkingSetEditor: existing name combobox must only offer names which are not yet registered in phycobank added Rejected

History

#1 - 07/10/2018 03:36 PM - Andreas Kohlbecker

- Related to bug #7523: RegistrationWorkingSetEditor: existing name combobox must only offer names which are not yet registered in phycobank added

#2 - 07/11/2018 11:56 AM - Andreas Kohlbecker

- Subject changed from Dialog to guide users when creating registrations for existing names to Better guidance for users when creating registrations for existing names

- Status changed from New to In Progress

A dialog is not the best solution, adding the required ui elements to the footer section of the workingset editor is much clearer.

#3 - 07/11/2018 01:04 PM - Andreas Kohlbecker

- Status changed from In Progress to Resolved

- % Done changed from 0 to 50

Applied in changeset [cdm-vaadin|cf9c36f82e17e2f5fb613ef6132994544c523a81](#).

#4 - 07/11/2018 01:07 PM - Andreas Kohlbecker

- Assignee changed from Andreas Kohlbecker to Wolf-Henning Kusber

done and ready for review.

When reviewing please have extra critical eyeball on the text close to the bottom of the workingset editor which starts with "*For most names that already exist in the system it ...*". Is this clear and well understandable?

#5 - 07/12/2018 01:48 PM - Wolf-Henning Kusber

- Assignee changed from Wolf-Henning Kusber to Andreas Kohlbecker

Brauchen wir alle 3 Sätze. Der 2. ist schwer verständlich. Bin alles mit unserer native Speakerin durchgegangen. Ihr Vorschlag, wenn alles prinzipiell so bleiben sollte:

For most names that already exist in the system, it is only possible to create a registration covering type designations.

Only in those rare cases where the citation of the working set and the nomenclatural reference of a name are the same is it possible to create a new registration covering the name as well as the type designation.

In all other cases please choose "New" from the main menu and start a registration for the nomenclatural reference of the name to be registered.

Wie gesagt, der 2. Satz ist für Normaluser kaum nachvollziehbar.

#6 - 07/12/2018 02:07 PM - Andreas Kohlbecker

Dieser 2. Satz ist vielleicht wirklich überflüssig, er beleuchtet lediglich die Hintergründe zu Satz 1.

Ok, streichen wir ihn!

#7 - 08/02/2018 02:42 PM - Andreas Kohlbecker

- Status changed from Resolved to Closed

- % Done changed from 50 to 100

Label with explanations updated according to suggestion.
