

## Edit - feature request #7604

### Add user to AuditEvent

07/30/2018 06:36 PM - Andreas Müller

<b>Status:</b>	New	<b>Start date:</b>	07/30/2018
<b>Priority:</b>	Priority14	<b>Due date:</b>	
<b>Assignee:</b>	Andreas Müller	<b>% Done:</b>	0%
<b>Category:</b>	cdm	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	CDM UML 5.5		
<b>Severity:</b>	normal		
<b>Description</b>			
Especially for delete events it is difficult to find out <b>who</b> did run the event as created_by and updated_by is always null. In general it may make sense to store the user information together with an audit event.
