EDIT - feature request #7664

Use typified return types where possible

08/17/2018 03:23 PM - Andreas Müller

Status:	In Progress		**Start date:**	
Priority:	Priority14		**Due date:**

Target version:	Reviewed Next Major Release			
Severity:	normal			

Description

1. Many method of service layer and persistence use T as return type even if a more specific class is defined by parameters.

We should clean this up by using local generics where possible.

1. Also we may want to add more methods defining the expected return type within the parameters to avoid invalid results and to avoid casting.
