

EDIT - bug #7672

use taxonRelationship formatter for label in referencing objects view

08/22/2018 02:31 PM - Katja Luther

Status:	New	Start date:	
Priority:	Priority14	Due date:	
Assignee:	Katja Luther	% Done:	0%
Category:	taxeditor	Estimated time:	0:00 hour
Target version:	Unassigned CDM tickets	Found in Version:	
Severity:	normal		
Description			
Die Formatierer der Konzeptrelationen im RefObjects View scheinen die Relationen noch falsch herum zu beschreiben. Auch verwenden sie noch nicht die neuen Formatierer. Das sollten wir mal ändern

Maybe we should first consider moving formatting to server side as it is faster and as we may also make formatting dependent on the referenced object there. For relationships this makes sense as we only want to mention the "other" side of the reference not repeat the calling side.
