

Edit - bug #7681

Update date field when editing parse field in TimePeriodElement

08/24/2018 12:38 PM - Patrick Plitzner

Status:	Closed	Start date:	08/24/2018
Priority:	New	Due date:	
Assignee:	Patrick Plitzner	% Done:	100%
Category:	taxeditor	Estimated time:	0.00 hour
Target version:	Release 5.2	Found in Version:	
Severity:	normal		
Description			
The date fields are only updated when a correct date could be parsed.			
This could be misleading if i.e. you clear the parse field, the date field stays filled. Even worse, those data are not stored when saving.

Looks fine now.

Only, I would prefer to add some color to the parse field and/or the parse label. But this is not part of this ticket in stricter sense.
