Edit - feature request #7717

Implement "continued" in TimePeriod UI

09/04/2018 09:55 AM - Andreas Müller

Status:	Closed		**Start date:**	09/04/2018
Priority:	Highest		**Due date:**	
Assignee:	Katja Luther		**% Done:**	0%
Category:	taxeditor		**Estimated time:**	0.00 hour
Target version:	Release 5.3			
Severity:	normal			

Description

The continued flag should be alternative to the end date. As described in [#7644](#) either the flag is set or we have an end date. So setting the flag in the TimePeriod class actually removes the end date.

Therefore, when the flag is set it should not be possible to edit the end date.

the continued flag is implemented in editor now. at the moment the end date is removed when the continued flag is set to avoid confusion when the end date is displayed in the ui but is not saved.

#7 - 09/05/2018 03:50 PM - Andreas Müller

I don't know if this is related, but when entering data into the parse field now, the cursor always jumps to the beginning. This is very critical.

#8 - 09/05/2018 03:55 PM - Andreas Müller

Also I would move the continued flag up, before "End" as it is something inbetween start and end. This may make the behavior a bit clearer.

Can we also grey out the labels of the "end line" this makes it clearer from the beginning that "end" is not available at current state (minor request).

#9 - 09/05/2018 03:57 PM - Andreas Müller

Best would be to not show the "end" line at all if continued == true

#10 - 09/05/2018 04:27 PM - Andreas Müller

I think it is clearer to show the disabled line to show that it is possible to enter a end date.

It works well now and is also intuitive IMO.
