

EDIT - bug #7734

show warning for multiple usage also if the reference is not persisted yet

09/06/2018 09:38 PM - Katja Luther

Status:	New	Start date:	
Priority:	New	Due date:

Target version:	Unassigned CDM tickets	Found in Version:	
Severity:	normal		
Description			
copied from #7706 :			
when the new reference to a persisted and linked media object is not yet saved no warning is shown. Is there a chance to show the warning also if there is a volatile reference and additionally at least one persistent reference in the DB? Probably this holds for all data types.
