

Edit - task #7762

E+M: Handle "{non ...}" annotations for misapplied names currently handled as appended phrase

09/15/2018 03:02 PM - Andreas Müller

Status:	New	Start date:	09/15/2018
Priority:	Priority12	Due date:	
Assignee:	Andreas Müller	% Done:	0%
Category:	cdmadapter	Estimated time:	0.00 hour
Target version:	Euro+Med Migration		
Severity:	normal		
Description			
... check the names against existing names with exactly same reference and replace name if possible, also remove appended phrase.			
Only 50 cases so we can also do it manually after import if complicated. Therefore low priority.			
Add: There come now 100 more cases from PTaxon.Notes
