

## EDIT - task #7796

### [CHECK] Handle Bibliography Name Facts correctly

09/28/2018 08:01 PM - Andreas Müller

<b>Status:</b>	Resolved	<b>Start date:</b>	
<b>Priority:</b>	Priority14	<b>Due date:</b>	
<b>Assignee:</b>	Andreas Müller	<b>% Done:</b>	80%
<b>Category:</b>	cdmadapter	<b>Estimated time:</b>	0:30 hour
<b>Target version:</b>	Euro+Med Migration		
<b>Severity:</b>	normal		
<b>Description</b>			
There are 13568 name facts of type "Bibliography" (Cat=3).			
These are currently attached to the according names as TaxonNameDescription with feature "Citation".			
The citations seem to come from ILDIS but the names are also used in 7600000 so they often appear twice.			
The Citations currently do not show up in the BM data portal. In CDM they show up behind the name formatted same as second nomenclatural references.			
Decisions to take:			
<ul style="list-style-type: none"><li>• Should they show up in the data portal =&gt; probably not (see <a href="#">#7796#note-8</a>)</li><li>• Depending on this, keep them as TaxonName Citations or make them TaxonName extensions. The later may not show up in the portal by default.</li></ul>			
Implementations:			
<ul style="list-style-type: none"><li>• <del>If keeping them as TaxonNameDescriptions make these available by TaxEditor again</del></li><li>• If extensions, implement extension import (with own feature)</li></ul>			
Decision: we keep them as citations

**#9 - 09/29/2018 01:21 AM - Andreas Müller**

- Description updated

**#10 - 09/29/2018 11:55 AM - Andreas Müller**

- Estimated time set to 1:30 h

**#11 - 10/09/2018 05:51 PM - Andreas Müller**

ERS: probably not to be imported at all

**#12 - 10/12/2018 09:08 AM - Andreas Müller**

- Status changed from New to In Progress

- % Done changed from 0 to 80

- Estimated time changed from 1:30 h to 0:30 h

**#13 - 10/12/2018 09:08 AM - Andreas Müller**

- Subject changed from ERS: Handle Bibliography Name Facts correctly to [CHECK] Handle Bibliography Name Facts correctly

**#14 - 05/12/2019 11:17 AM - Andreas Müller**

- Description updated

**#15 - 05/12/2019 11:20 AM - Andreas Müller**

- Description updated

**#16 - 05/12/2019 11:21 AM - Andreas Müller**

- Target version changed from Euro+Med Migration to Euro+Med Portal Release

Move to check if they are really not shown in production portal.

**#17 - 05/12/2019 12:50 PM - Andreas Müller**

- Status changed from *In Progress* to *Resolved*

- Target version changed from *Euro+Med Portal Release* to *Euro+Med Migration*

As in note 11 it was decided not to import them at all this ticket is fixed (in code this is already implemented)
