EDIT - feature request #7927

Registration not found, Portal handling registrations in preparation

11/26/2018 07:57 PM - Wolf-Henning Kusber

Status:	Closed		**Start date:**	
Priority:	Highest		**Due date:**	
Assignee:	Wolf-Henning Kusber		**% Done:**	100%
Category:	cdm-dataportal		**Estimated time:**	0:00 hour
Target version:	Release 5.5			
Severity:	normal			

Description

Problem: When http-Identifier are inserted in a manuscript, authors or editors or copy editors are checking the link.

Example http://phycobank.org/100518

The registration will not be shown in (i)Vaadin and (ii) in the Phycobank user interface (Portal):
The display is:
Registration not found
A registration with the identifier http://phycobank.org/100518 does not exist.

It would be great, to have an information about the status of the requested Id (exist - does not exist, in preparation, is rejected)

Suggestion for the Portal:

Registration not found
A registration with the identifier http://phycobank.org/100518 does not exist.
[only displayed if there is no unpublished record, in this case the record is prepared]

Registration not published
A registration with the identifier http://phycobank.org/100518 is in preparation.

Registration not published
A registration with the identifier http://phycobank.org/100518 is rejected.

The question is, if "curation" is needed as information, because it is a subtask of "preparation".

Furthermore it might be interesting to have a respective note in Vaadin (nice to have).

[Currently, I have to explain authors and editors, why the Links to PhycoBank are "broken"].

#5 - 01/09/2019 04:53 PM - Wolf-Henning Kusber

- Assignee changed from Wolf-Henning Kusber to Andreas Kohlbecker

- % Done changed from 50 to 80

All given examples are working well (cross check with Vaadin), but...

If a non existing number is chosen/typed in be a user, such as:

http://test.e-taxonomy.eu/dataportal/preview/phycobank/cdm_dataportal/registration/http%253A%252F%252Fphycobank.org%252F100124

The display is:
"A registration with the identifier http://phycobank.org/100124 is "
What about:
"A registration with the identifier http://phycobank.org/100124 is not existing" ?

#6 - 01/09/2019 05:05 PM - Wolf-Henning Kusber

- % Done changed from 80 to 90

The treatment of not-existing registration numbers is fine with me. The ticket can be closed.

#7 - 01/09/2019 05:05 PM - Andreas Kohlbecker

- Assignee changed from Andreas Kohlbecker to Wolf-Henning Kusber

- % Done changed from 90 to 80
