Descending order is partly solved.
Tested with Search=Planothidium

Descending order for 7874-7845 is correct.
Descending order for 100388-100001 is correct.

But 7874-7845 is followed by 100388-100001, this is not correct taking the entire number into acount.

In the report for the meeting with Walter i found the following requirement: "*WHK: neueste Registrierungen oben;*".

So we should order the registrations by registration date. The registration data should be displayed in this case in the result list. For example like this:

#9 - 01/30/2019 03:59 PM - Wolf-Henning Kusber

- Status changed from Feedback to In Progress

- Assignee changed from Wolf-Henning Kusber to Andreas Kohlbecker

good idea!

#10 - 02/01/2019 04:27 PM - Andreas Kohlbecker

- Status changed from In Progress to Resolved

- % Done changed from 70 to 50

Applied in changeset cdmlib|572d38143187dcf1fe9ae6c79195acc0a1e1519b.
