EDIT - feature request #8139

[Rule] Validate lectotype sources

02/25/2019 02:10 PM - Andreas Müller

Status:	Resolved		**Start date:**	
Priority:	Highest		**Due date:**	
Assignee:	Andreas Müller		**% Done:**	50%
Category:	cdmlib		**Estimated time:**	0:00 hour
Target version:	Validation Framework 1.0			
Severity:	normal			

Description

Lectotypes and some other type status allow an additional source which mentions in which source the lectotypification took place. This is allowed only for certain type designation status.

We need a validation rule to validate if a type designation has a "lectotype" source but the according status does not allow such a source.
