EDIT - feature request #8153

Adapt cdmlib to FeatureNode/FeatureTree model changes

02/28/2019 01:30 PM - Patrick Plitzner

Status:	Closed	**Start date:**	
Priority:	New	**Due date:**	
Assignee:	Patrick Plitzner	**% Done:**	70%
Category:	cdmlib	**Estimated time:**	0:00 hour
Target version:	Release 5.6		
Severity:	normal		

Description

- Since the introduction of term trees with the last model change (5.6.0) FeatureNode.getFeature() is deprecated and could lead to potential ClassCastExceptions. The usages of this method should be inspected and corrected.
- Reflect the termType of term trees where possible

is this still an open issue? If yes, can you give more inside?

By introducing the generics this is probably done. There is still some code which does not use/specify generics but this canbe adapted if necessary.

Should we close this?

from my side we can close it, but I didn't check full code.
Patrick, could you still add "open issues" if you know where something is still missing.

However, this is not critical as Generics are only developping convenience here.

Katja, can you have a look on it and close if you think it is correct.

I had a look on the changesets and it looks ok, so I close this ticket. For the generics we can open a new ticket.
