<b>Description</b>			
<p>Actually it is possible to edit references without the UPDATE right for references. While saving the user gets an exception that he is not allowed to update the reference.</p> <p>This problem appears for the bulk editor and when opening it by the edit button of an entitySelectionElement.</p> <p>This was already solved see <a href="https://dev.e-taxonomy.eu/redmine/issues/4055#note-9">https://dev.e-taxonomy.eu/redmine/issues/4055#note-9</a></p>
