- Assignee changed from Katja Luther to Patrick Plitzner

please review.

You need some references with additional identifiers.

#4 - 04/03/2019 01:34 PM - Patrick Plitzner

- Assignee changed from Patrick Plitzner to Andreas Müller

- % Done changed from 50 to 90

Tested by switching between identifier and standard search in latest nightly. This works.

- Status changed from Resolved to Feedback

- Assignee changed from Andreas Müller to Katja Luther

For me it does not work. I tested on test/euromed.

- Open reference selection dialog,
- entered "6069704" => search empty
- changed checkbox "UseIdentifier" to true => still empty
- changed value from "6069704" to "606970" and back to "6069704" => now it shows a record

=> Changing checkbox (action 3) did not trigger correct search

I just tried the exact same steps with the current nightly on test/euromed and it worked. I opened *Rubus barbatus* and opened the selection dialog for the sec reference.
