EDIT - feature request #8235

Create separate menu for term tree editors for each term tree type

04/10/2019 01:04 PM - Patrick Plitzner

Status:	Closed		**Start date:**	
Priority:	New		**Due date:**	
Assignee:	Patrick Plitzner		**% Done:**	100%
Category:	taxeditor		**Estimated time:**	0:00 hour
Target version:	Release 5.9			
Severity:	normal			

Description

Copied from #8146:

~~We could add the termtype to the label of term trees and terms and maybe make it toggleable in the preferences.~~ ~~Also in the details view it should be shown~~ <- implemented in #8146.~~

- Why not using the term type in the label, e.g. instead of FeatureTree => Structure Tree. Then users must not think about what a term type means if the label says "Feature Tree". Also it is not consistent to have term type structure under the label "FeatureTree". However, this is a minor issue and if we implement the term type specific Term Tree editors soon we may keep it as it is for now.

Update
Like for vocabularies, we need separate menu items for each type of term trees that open the corresponding term tree editor.

Feature Tree Editors still have "New Structure Tree" and "New Property Tree" submenu.
Each Term type should have its own explicit "New" menu.

#12 - 08/20/2019 11:45 AM - Andreas Müller

"New" and "Delete" is enough, we do not need "... Term Tree"

This seems not yet implemented. If we keep it we should try to replace "Term" by "Feature", "Structure", "Property", ... (can become a separate ticket as not critical for release)

#15 - 08/23/2019 09:50 AM - Andreas Müller

Generally it works and can be closed.

Open issue (new ticket?) is that Characters can not be added to Featuretrees currently but should (see separate mail).

#16 - 08/23/2019 12:06 PM - Patrick Plitzner

- Status changed from Feedback to Closed

- % Done changed from 50 to 100

Adjusted the context menu entries. Closing ticket.

What about the later issue. Is it also fixed. There does not seem to be a new ticket and fix is also not mentinoned.
