

EDIT - feature request #8294

Make display of ID in source and ID Namespace configurable

05/22/2019 12:57 PM - Katja Luther

Status:	Closed	Start date:	
Priority:	Highest	Due date:	
Assignee:	Patrick Plitzner	% Done:	100%
Category:	taxeditor	Estimated time:	0:00 hour
Target version:	Release 5.8		
Severity:	normal		
Description			
The display of ID in Source and ID Namespace should be configurable, the preference predicates are available already but the preference pages need to be implemented.

History

#1 - 05/23/2019 11:14 AM - Andreas Müller

- Status changed from New to Feedback

This issue is already mentioned in [#7793](#) and it seems to be fixed (but maybe not yet available in Admin UI).

#2 - 05/23/2019 11:31 AM - Andreas Müller

- File picture299-1.png added

The current implementation does not seem to work. I tried with

CdmPreference (4x2)			
key_predicate	key_subject	allowOverride	value
sourceDetails.IdInSource	/taxeditor/	0	true
sourceDetails.NameInSource	/taxeditor/	0	true

but still got both Id in Source and Id Namespace even after restart (tested on E+M production)

#3 - 05/23/2019 11:33 AM - Andreas Müller

When fixing please also rename predicate NameInSource. It should be IdNamespace. Also we may rename the predicate in the predicate enum from ShowNamespaceInSource -> ShowIdNamespace

#4 - 06/03/2019 11:16 AM - Andreas Müller

- Related to feature request #7793: Master ticket for E+M editor issues added

#5 - 07/01/2019 01:41 PM - Katja Luther

- Status changed from Feedback to Resolved

- Assignee changed from Katja Luther to Andreas Müller

please review

#6 - 07/15/2019 03:19 PM - Patrick Plitzner

- File picture777-1.png added

- % Done changed from 0 to 70

Tested on nightly: The admin and local preferences work as expected BUT they seem to be swapped. Also the one preferences was not renamed (see picture)

#	key_predicate	key_subject	allowOverride	value
1	model.editor.NDV	/	1	simpleViewActivated:false;taxon:fal...
2	commonname.area.voc	/taxeditor/	1	e72cbcb6-58f8-4201-9774-15d0c6...
3	sourceDetails.NameInSource	/taxeditor/	1	false
4	sourceDetails.IdInSource	/taxeditor/	1	false
*	NULL	NULL	NULL	NULL

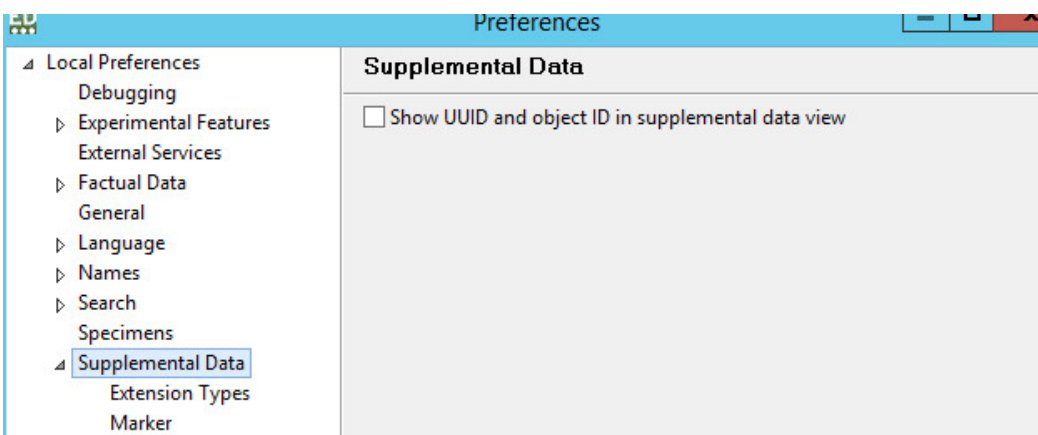

#7 - 07/16/2019 05:47 PM - Andreas Müller

- File picture232-1.png added

yes, it is switched and also in both views it is called "ID in Namespace" but should be "ID Namespace". Also ID Namespace should be below ID in Source in both preference UIs.

Critical:

Show UUID and ID is not available in local preference but it was before:

=> we should move the new parameters to the submenu "Sources" as it exists for "extensions" and "marker" and keep the old top level page which has "Show UUID and ID ..."

#8 - 07/16/2019 05:51 PM - Andreas Müller

- Status changed from Resolved to Feedback
- Assignee changed from Andreas Müller to Patrick Plitzner

Patrick, can you try to fix the open issues?

#9 - 07/17/2019 06:45 PM - Patrick Plitzner

- Status changed from Feedback to Resolved
- Assignee changed from Patrick Plitzner to Andreas Müller

All issues should be fixed now.

What still would be nice is if the disabled local preferences would reflect the state of the admin preferences. Now they are just disabled showing the state of the local preference. This is done correctly e.g. in the specimen preferences -> [#8382](#)

#10 - 07/17/2019 08:48 PM - Andreas Müller

- Copied to bug #8382: Local Supplemental Data Source Preferences should reflect the state of admin preferences added

#11 - 07/18/2019 12:06 PM - Andreas Müller

Server side preferences are not yet translated (Submenu Sources and Labels on page) (update code before changing as I did change the label for ID Namespace.

#12 - 07/18/2019 12:08 PM - Andreas Müller

- Assignee changed from Andreas Müller to Patrick Plitzner

same in local preference (if this is different code)

#13 - 07/18/2019 12:12 PM - Andreas Müller

- Status changed from Resolved to Feedback
- % Done changed from 70 to 80

All the rest seems to work and looks ok.

#14 - 07/18/2019 12:13 PM - Andreas Müller

- Tags set to euro+med

#15 - 07/18/2019 12:51 PM - Patrick Plitzner

- Status changed from Feedback to Closed
- % Done changed from 80 to 100

translated preferences. Closing the ticket.

#16 - 12/17/2019 03:02 PM - Andreas Müller

- Related to feature request #8777: Make visibility of CDM Source configurable added
