

EDIT - feature request #8319

NomenclaturalStatus webservice implemented

05/31/2019 09:14 AM - Andreas Kohlbecker

Status:	Closed	Start date:	
Priority:	Highest	Due date:	
Assignee:	Andreas Kohlbecker	% Done:	100%
Category:	cdmlib-remote	Estimated time:	0:00 hour
Target version:	Release 5.8		
Severity:	normal		
Description			
for #5857 it is required to be able to get NomenclaturalStatus objects from vi the web service. This is especially the case when processing the taxon.taggedTitel in which case the NomenclaturalStatus data like citatino, rule considered etc is not directly available. These data must be retrived via an additional web service request.
