EDIT - feature request #8442

Add fields to handle external terms to DefinedTermBase or TermBase

08/02/2019 08:39 PM - Andreas Müller

Status:	Closed		**Start date:**	
Priority:	Highest		**Due date:**	
Assignee:	Andreas Müller		**% Done:**	50%
Category:	cdm		**Estimated time:**	0:00 hour
Target version:	CDM UML 5.8			
Severity:	normal			

Description

Similar to those created for Reference (#6663).

The fields are

- last retrieved
- externalId
- externalLink
- authorityType

And maybe some more (see #6663)

This should be fixed. Also added new field "importMethod" and extracted all data to an external embeddable class "ExternallyManaged".

Getter & Setters not yet implemented. Only model changes.

Katja, Patrick, do you want to review? Otherwise I close the ticket.

Those were just addition if I understand correctly so I guess there is no need to review.

#5 - 08/16/2019 12:11 PM - Andreas Müller

- Status changed from Resolved to Closed

So I close this ticket.
