

EDIT - bug #8448

Maps settings > Bounding box inconsistent

08/07/2019 03:37 PM - Andreas Kohlbecker

Status:	Closed	Start date:	
Priority:	Highest	Due date:	
Assignee:	Andreas Kohlbecker	% Done:	100%
Category:	cdm-dataportal	Estimated time:	0:00 hour
Target version:	Release 5.9	Found in Version:	
Severity:	normal		
Description			
according to the settings documentation the <i>Bounding box</i> needs to be entered in degree.			
After fixing #8430 using degree values not longer lead to consistent behavior of the map.			
For example for the euromed portal which is using a map with the exotic projection EPSG: 7777777 it is required to set the actual values according to the projection of the layer.
