Target version:	Unassigned CDM tickets		
Severity:	normal		

Description

This ticket gives an overview on Usability/UX issues in the Taxeditor.

Although user experience design (UX Design) and usability were once used interchangeably, we must now understand that usability provides an important contribution to UX; however, it's not the whole of the experience. "Usability" refers to the ease of access and/or use of a product or website. It's a sub-discipline of user experience design. (
