

EDIT - bug #8553

progress monitor needs information about running process

09/19/2019 09:57 AM - Katja Luther

Status:	New	Start date:	
Priority:	New	Due date:	
Assignee:	Katja Luther	% Done:	0%
Category:	cdmadapter	Estimated time:	0:00 hour
Target version:	Unassigned CDM tickets	Found in Version:	
Severity:	normal		

Description

long running tasks like the cdmlight export sometimes need a lot of resources.
To get more informations about why the progress monitor should contain informations about the running processes.

AK:

Eigentlich ist das in IProgressMonitor schon vorgesehen: taskName sollte immer die entsprechende Information enthalten was für ein Prozess das ist.

der entsprechende Setter wird aber nur ganz selten verwendet,

und der taskName wird in computeWorked() nicht mit ausgegeben.

History

#1 - 09/19/2019 10:26 AM - Andreas Müller

- Subject changed from *progress monitor of cdm light needs information about running process* to *progress monitor needs information about running process*

Is there a reason why you explicitly mentioned cdmlight in title? I think this information should be available for all progress monitors.

#2 - 09/19/2019 01:18 PM - Katja Luther
