

EDIT Platform Etablierung - task #8563

Implement process to generate PDFs from the docx files

09/20/2019 03:49 PM - Andreas Kohlbecker

Status:	Closed	Start date:	09/02/2019
Priority:	Highest	Due date:	
Assignee:	Andreas Kohlbecker	% Done:	100%
Category:	Documentation	Estimated time:	0.00 hour
Target version:	Planning phase 1		
Audience:			
Description			
The documentation which is managed in bgbmc2.bgbm.fu-berlin.de/GRUPPEN/BDI/EDIT-Plattform/_Latest Versions/User Manual/ needs to be converted into PDFs. This should be automated as batch process.			

History

#1 - 09/20/2019 03:52 PM - Andreas Kohlbecker

- File `make-pdfs.sh` added
- Status changed from *New* to *Resolved*
- % Done changed from 0 to 50

Script [make-pdfs.sh](#) created in [bgbmc2.bgbm.fu-berlin.de/GRUPPEN/BDI/EDIT-Plattform/_Latest Versions/User Manual/](http://bgbmc2.bgbm.fu-berlin.de/GRUPPEN/BDI/EDIT-Plattform/_Latest%20Versions/User%20Manual/) which performs the conversion of all *.docx files to pdfs.

#2 - 09/20/2019 03:53 PM - Andreas Kohlbecker

- Status changed from *Resolved* to *Closed*
- % Done changed from 50 to 100

pdf created and published in [PlatformDocumentation](#)
