

EDIT - bug #8687

Description page must show all DescriptionElement subclasses

11/15/2019 10:26 PM - Andreas Müller

Status:	New	Start date:	
Priority:	Priority14	Due date:	
Assignee:	Andreas Müller	% Done:	0%
Category:	cdm-dataportal	Estimated time:	0:00 hour
Target version:	Release 5.45	Found in Version:	
Severity:	normal		
Description			
<p>Currently it seems to show only Categorical and Quantitative Data. But one never knows what data will really come within a description.</p> <p>Very urgent is it to implement Distributions, too, as this is needed for DistributionAggregation. Currently a description holding distributions only shows an empty page.</p> <p>It also needs to be discussed which Feature Tree to use for such pages. Some descriptions do have 1 or more DescriptiveDataSets attached. For them it is good to use the dataset feature tree(s) - but what if multiple exist. But what if no dataset exists or if features are included which are not in the feature tree.</p>
