

EDIT - bug #8782

Delete a description included in a CdmSource should not be possible

12/18/2019 01:39 PM - Katja Luther

Status:	Closed	Start date:	
Priority:	Highest	Due date:	
Assignee:	Katja Luther	% Done:	100%
Category:	cdmlib	Estimated time:	0:00 hour
Target version:	Release 5.13	Found in Version:	
Severity:	normal		
Description			
mail AM: ich habe gerade DescriptionBase gelöscht (aus dem Facts View heraus), die noch verlinkt waren über eine CdmLinkSource. Das sollte ja eigentlich nicht möglich sein. Im delete-Algorithmus werden die vermutlich noch nicht explizit getestet, aber dann sollte ja eigentlich der allgemeine Check auf Referencing Objects einspringen, der das verhindert. Kannst du mal sehen, was da nicht stimmt und es ggf. anpassen.

- % Done changed from 0 to 50

now deletion is possible only for not referenced descriptions.

#5 - 03/06/2020 02:29 PM - Andreas Müller

- Status changed from Resolved to Feedback

- Assignee changed from Andreas Müller to Katja Luther

- % Done changed from 50 to 90

Now it is not possible anymore to delete a specimen description which is referenced by an OriginalSource.

Open issue: The error message shown is wrong (if deleted via facts view): "The description can't be completely deleted because it is referenced by **DescriptiveDataSet**"

#6 - 03/06/2020 02:31 PM - Andreas Müller

- Subject changed from Delete a description included in a cdmsource should not be possible to Delete a description included in a CdmSource should

not be possible

- Status changed from Feedback to Closed

- % Done changed from 90 to 100

Sorry, I was wrong, the test record was referenced by both DDS and CdmLinkSource.

No I tested with only linking to CdmLinkSource and it worked as expected.
