EDIT - bug #8851

display of name facts not appropriate in all cases

Description

Hallo,

wir sind bei der Flora von Cuba auf ein Portalausgabeproblem gestoßen, und zwar bei den Name Facts.

Anscheinend werden alle Typen so behandelt wie zusätzliche Nomenklaturreferenzen (siehe Beispiel unten). Das müsste geringfügig geändert werden:

Grundsätzlich fehlt ein Leerzeichen vor der eckigen Klammer

Bei Typ „Additional publication“ kann das „& “ bleiben, ansonsten müsste das weg.

Da wir in der Kuba Flora zahlreiche Hybride und auch alternative Nomenklaturzitate haben, ist diese Bugbehebung dringend – spätestens zum Launch des Florenportals beim nächsten Flora de Cuba meeting in Havanna, 20. April 20.

Das gilt übrigens auch für den fehlerhaften External Link zu NYBG (dort liegen sehr viele Belege aus Kuba). Ich habe schon selbst probiert, den zu korrigieren, bekomme das aber irgendwie nicht hin.

Herzlichen Gruß

Walter

Walter, can you have a look after the next release, if this is now all correct?
