

## EDIT - feature request #8885

### Distinguish between terms and vocabularies in term search dialog

03/09/2020 02:40 PM - Katja Luther

<b>Severity:</b>	normal		

#### Description

from [#8044](#):

Terms and vocabularies are not clearly distinguished now in the search dialog. Especially because vocabularies are shown 2x now on the left (for filtering) and on the right (for selecting).

Maybe we should add some note in brackets saying that this is a vocabulary or we use a different color for vocabularies as we do in the term editor tree.
