

EDIT - bug #8969

Multiple deduplications are not executed

04/22/2020 09:24 AM - Andreas Müller

Status:	Closed	Start date:	
Priority:	Highest	Due date:

Target version:	Release 5.15	Found in Version:	
Severity:	normal		

Description

If you deduplicate (e.g. in reference bulk editor) a group of references and then without saving try to deduplicate another group you get a warning that there are unsaved changes that must be saved before the task can be executed and you get asked if you want to proceed.

If you answer with yes you expect that the unsaved changes are saved and then the second deduplication takes place. But this is not the case. The first deduplication is not saved.

So we should have either (1) a triple question here with "save changes", "don't save changes", "cancel", or (2) rename the current button labels to something like "continue without saving" and "cancel". Or even better we should allow to (3) execute multiple deduplications before saving if this is technically possible.

The preferred solution is (3) followed by (1) followed by (2).

====

WGB:
dies ist mir schon mehrmals aufgefallen, ich war mir aber immer nicht so ganz sicher.

Ich habe die Referenzen 2-6 dedupliziert, mit 3 als Target. es war nur noch Nr. 3 zu sehen.
Dann nicht gespeichert und die zu 7 gehörigen 2 anderen (jetzt nicht mehr sichtbaren) Referenzen dedupliziert, mit Nachfrage Save, Yes.
Dann bekomme ich o.a. Bild, die erste Deduplizierung wurde tatsächlich nicht gespeichert.

AM:

Ich habe es selber gerade getestet und es ist reproduzierbar. Vermutlich wird die Meldung vor der zweiten Deduplizierung vom User anders verstanden als sie implementiert ist. Der User denkt, wenn er auf Ja klickt, dass die erste Aktion gespeichert wird, dies ist aber wohl nicht der Fall.

#2 - 04/22/2020 09:28 AM - Andreas Müller

- Priority changed from New to Highest

#3 - 04/29/2020 11:36 AM - Katja Luther

- Status changed from New to Resolved

- % Done changed from 0 to 50

Applied in changeset [taxeditor|170f6932192925c4e5671309e2da88d4b61cd3f3](#).

#4 - 04/29/2020 12:08 PM - Katja Luther

- Status changed from Resolved to New

- Assignee changed from Katja Luther to Andreas Müller

- % Done changed from 50 to 0

The first solution is implemented, please review.

#5 - 04/29/2020 12:08 PM - Katja Luther

- Status changed from New to Resolved

- % Done changed from 0 to 50

#6 - 06/03/2020 11:16 PM - Andreas Müller

- Description updated

#7 - 06/03/2020 11:25 PM - Andreas Müller

- Status changed from Resolved to Closed

- Assignee changed from Andreas Müller to Katja Luther

Seems to work as expected.
