- Related to feature request #9002: Find suitable symbols for excluded, unplaced, placement doubtful added

#2 - 05/13/2020 04:20 PM - Andreas Kohlbecker

- Related to feature request #9010: Display taxon node status excluded, unplaced, placement doubtful on taxon page and taxon tree and show taxon node status note and taxon node source on taxon page added

#3 - 05/13/2020 04:20 PM - Andreas Kohlbecker

in [#9002](#) it is requested to use the same symbols in the dataportal as in the taxeditor. So this ticket is kind of needless since there is no task of finding symbols for the dataportal.

I only can guess that you created this ticket with the intention that the taxon node status are to be displayed in the portal as discussed recently. Since this is only my personal anticipation I will not change the ticket but will create a new one .. [#9010](#)

#4 - 05/13/2020 04:21 PM - Andreas Kohlbecker

- Status changed from New to Feedback

- Assignee changed from Andreas Kohlbecker to Andreas Müller

#5 - 05/14/2020 12:58 AM - Andreas Müller

- Status changed from Feedback to New

- Assignee changed from Andreas Müller to Andreas Kohlbecker

I think I created this ticket because it is not possible to add 2 assignees and 2 categories to a ticket. As it is a ticket for both TaxEditor and Dataportal and therefore for you and KL I created 2 related tickets to remind you both that this is an issue for 5.15 for each of you.
At least I think that was the idea.

Once the ticket is solved the other one should be closed as well as duplicate.

#6 - 05/28/2020 01:06 PM - Andreas Müller

I added getSymbol() to TaxonNodeStatus

#7 - 05/28/2020 05:16 PM - Andreas Kohlbecker

- Category changed from cdm-dataportal to cdm

- Status changed from New to Resolved

- Assignee changed from Andreas Kohlbecker to Andreas Müller

- % Done changed from 0 to 50

this has been implemented in cdmlib, so I am changing the category.

You can close this issue.

#8 - 05/28/2020 10:07 PM - Andreas Müller

- Category changed from cdm to cdmlib

- Status changed from Resolved to Duplicate

- % Done changed from 50 to 100

As this is handled in cdmlib now we can close the ticket as duplicate as explained above.

#9 - 05/28/2020 10:07 PM - Andreas Müller

- Related to deleted (feature request #9002: Find suitable symbols for excluded, unplaced, placement doubtful)

#10 - 05/28/2020 10:08 PM - Andreas Müller

- Is duplicate of feature request #9002: Find suitable symbols for excluded, unplaced, placement doubtful added

#11 - 05/28/2020 10:08 PM - Andreas Müller

- Target version deleted (Release 5.15)
