fix #9033: correct handling for notes when switching between status and no staus

#### History

##### #1 - 05/27/2020 02:50 PM - Andreas Müller

- Due date set to 05/07/2020

- Start date changed from 05/27/2020 to 05/07/2020

- Follows feature request #9005: Make the TaxonNode flags alternatives and change excluded notes to status notes added

##### #2 - 05/27/2020 10:56 PM - Andreas Müller

- Status changed from New to Feedback

- Priority changed from New to Highest

This is mostly fixed. 2 remaining issues:

- rename label "status" to "placement status" to clearly distinguish from taxon.doubtful status
- make "status notes" only available if status is not null

##### #3 - 05/27/2020 10:56 PM - Andreas Müller

- Due date deleted (05/07/2020)

- % Done changed from 0 to 70

##### #4 - 06/09/2020 10:15 AM - Katja Luther

- Status changed from Feedback to Resolved

- Assignee changed from Katja Luther to Andreas Müller

Now existing notes are not deleted if the status is set to null. This is the typical problem that you may not want to lose the information in case you return to the status.

Maybe we can delete the status notes when selecting null but keep in memory to put it back when the status is selected again. Only when saving the TaxonNode the status note will get fully lost.

Or maybe you have another idea.

#### #6 - 06/11/2020 12:03 PM - Katja Luther

- Status changed from Feedback to Resolved

- Assignee changed from Katja Luther to Andreas Müller

now the notes are removed, but remembered till the wizard is closed and the taxon node saved. please review.

#### #7 - 06/12/2020 04:08 PM - Andreas Müller

- Status changed from Resolved to Feedback

- Assignee changed from Andreas Müller to Katja Luther

Now I got an NPE when switching from status to no status
