

EDIT - feature request #9057

Remember expansion state in factual data view when changing focus

06/09/2020 11:17 AM - Andreas Müller

Status:	New	Start date:	
Priority:	New	Due date:	
Assignee:	Katja Luther	% Done:	0%
Category:	taxeditor	Estimated time:	0:00 hour
Target version:	Unassigned CDM tickets		
Severity:	normal		
Description			
<p>The details view and the supplemental data view remember their expansion state when the focus changes. This is not yet the case for the factual data view.</p> <p>However, when working on a certain feature for a taxon group it is a wanted behavior that one does not have to open the feature for each taxon manually and also when the taxon loses the focus it is wanted that when returning to it the expansion state is still the same.</p>
