

EDIT - bug #9168

NameFeature selection in preferences are not shown

07/29/2020 03:07 PM - Katja Luther

Status:	Closed	Start date:	
Priority:	Highest	Due date:	
Assignee:	Katja Luther	% Done:	100%
Category:	taxeditor	Estimated time:	0:00 hour
Target version:	Release 5.17	Found in Version:	
Severity:	normal		
Description			
The preference of the selected name features are not shown in the preference page, this is because the checkedElements are termDtos and the elements of the tree are featureDtos.			
Another issue: After changing the name feature preferences, already open factual data views are not updated and the newly created facts are not displayed.

#5 - 08/12/2020 03:58 PM - Andreas Müller

The new code (even the 'cleaned code') contains a lot of commented code. Can we remove this code (or leave a note why this commented code should be kept)?

#6 - 08/14/2020 10:03 AM - Katja Luther

- Status changed from Feedback to Resolved
- Assignee changed from Katja Luther to Andreas Müller

this should be fixed with the last commit, could not reproduce it anymore in nightly.

#7 - 08/14/2020 12:46 PM - Andreas Müller

- Status changed from Resolved to Closed

- Assignee changed from Andreas Müller to Katja Luther
- % Done changed from 50 to 100

This seems to work now.

#8 - 08/19/2020 08:41 PM - Andreas Müller

- Target version changed from Release 5.18 to Release 5.17
