

EDIT - task #9208

Move cdmlib-print and cdmlib-remote to taxeditor.printpublisher

08/25/2020 10:33 PM - Andreas Müller

Status:	Closed	Start date:	
Priority:	Highest	Due date:	
Assignee:	Andreas Müller	% Done:	100%
Category:	taxeditor	Estimated time:	0:00 hour
Target version:	Release 5.19		
Severity:	normal		
Description			
These 2 dependencies are only used for print publisher. As printpublisher may become an optional plugin in future it makes no sense to keep them in taxeditor.cdmlib			
This also includes dependencies of these 2 libraries. If needed for print publisher they should be moved there, otherwise they should be fully removed from taxeditor dependencies.
