<b>Target version:</b>	Release 5.18		
<b>Severity:</b>	normal		
<b>Description</b>			
FieldUnitDTO contains the date as pure string this has at least two problems:			
<ul style="list-style-type: none"><li>FieldUnitDTOs can not be reliably sorted by the date, since this is format dependent, formatting may change and break the intended order.</li><li>dates can not be formatted in the data portal and other clients</li></ul>
