

EDIT - task #9265

Adapt dataportal to new protologue handling

10/29/2020 03:55 PM - Andreas Müller

Status:	Closed	Start date:	
Priority:	Highest	Due date:	
Assignee:	Andreas Kohlbecker	% Done:	100%
Category:	cdm-dataportal	Estimated time:	0:00 hour
Target version:	Release 5.18		
Severity:	blocker		
Description			
Protologues are now handled as external links of the nomenclatural source (#6589). The dataportals (and maybe webservices?) need to be adapted accordingly.

History

#1 - 10/29/2020 03:56 PM - Andreas Müller

- Related to feature request #6589: Handle protologue as original source with URI link added

#2 - 10/29/2020 03:57 PM - Andreas Müller

- Description updated

#3 - 11/23/2020 04:05 PM - Andreas Kohlbecker

- Description updated

#4 - 11/23/2020 04:06 PM - Andreas Kohlbecker

- Status changed from New to In Progress

There is no specific web service for protologues so only the dataportal needs to be adapted.

#5 - 11/24/2020 07:04 PM - Andreas Kohlbecker

- Related to task #9319: adapt name render templates to new nomenclatural source which also contain protologues as external links added

#6 - 11/24/2020 10:34 PM - Andreas Kohlbecker

- Status changed from In Progress to Feedback

- Assignee changed from Andreas Kohlbecker to Andreas Müller

- % Done changed from 0 to 20

this is basically implemented, tests are pending.

One question in advance: ExternalLink has the property description, how should this be handled in case of the protologues? I suggest using foot notes in this case. This should be feasible for all other situations in which ExternalLinks occur also.

#7 - 11/25/2020 12:25 PM - Andreas Müller

- Assignee changed from Andreas Müller to Andreas Kohlbecker

One question in advance: ExternalLink has the property description, how should this be handled in case of the protologues? I suggest using foot notes in this case. This should be feasible for all other situations in which ExternalLinks occur also.

As discussed in stand up I am not sure what the best solution is. Probably we should ask the users (the description was original WGBs idea) what they expect. It is even possible that it should not be displayed at all and is only meant as internal note). This is a general issue for all ExternalLinks, not only for nomenclatural sources. I think we should open a new ticket for this.

#8 - 11/25/2020 03:03 PM - Andreas Kohlbecker

- Assignee changed from Andreas Kohlbecker to Andreas Müller

- % Done changed from 20 to 40

new ticket for discussion on display of ExternalLink.description: [#9323](#)

#9 - 11/25/2020 03:03 PM - Andreas Kohlbecker

- Status changed from Feedback to Resolved

- Assignee changed from Andreas Müller to Andreas Kohlbecker

#10 - 11/25/2020 03:03 PM - Andreas Kohlbecker

- Copied to task #9323: discuss display of ExternalLink.description added

#11 - 11/25/2020 03:18 PM - Andreas Kohlbecker

- Related to feature request #4644: json lib incorrectly serializes values containig the characters [,], {, } added

#12 - 11/30/2020 01:08 PM - Andreas Kohlbecker

- Status changed from Resolved to Closed

- % Done changed from 40 to 100

cant see that there is still something missing and thus closing this ticket

#13 - 11/30/2020 03:25 PM - Andreas Kohlbecker

- Status changed from Closed to In Progress

- % Done changed from 100 to 40

now I found the missing bit.

In [cdm-dataportal/f9b5740e33ff94ab9e1703774379f5d67d103649](#) the apparently imcomplete implementation for displaying of ADDITIONAL_PUBLICATION name features has been removed since it was rarely used ([#6589#note-27](#)) and to be improved after solving [#9320](#). The now removed implementation however was an important requirement for the flora of cuba [#8851](#) and must therefore not be removed.

#14 - 11/30/2020 03:26 PM - Andreas Kohlbecker

- Related to feature request #9320: Move additional publication information to nomenclatural source added

#15 - 11/30/2020 03:26 PM - Andreas Kohlbecker

- Related to bug #8851: display of name facts not appropriate in all cases added

#16 - 12/01/2020 02:18 PM - Andreas Kohlbecker

- Status changed from In Progress to Closed

- % Done changed from 40 to 100

now that [#8851](#) is solved the functionality which has been removed while working on this ticket is restored, so we can close it.
