- Target version changed from Unassigned CDM tickets to Release 5.18

As far as I understand WGB this is a functionality that is needed soon. As to me it sounds like easy to implement I set it to current milestone so we may implement it in one of the next releases.

- Status changed from Resolved to Feedback

- Assignee changed from Andreas Müller to Katja Luther

- % Done changed from 0 to 90

In general this is fixed.

Only issues:

- can we move URI above DOI and LSID in Reference Details View.
- can we use capital letters for LSID also in Author Details View (I wonder why this differs, is this not reusing the same code?)

- Status changed from Feedback to Closed

the issues mentioned above are solved, so I close this ticket
