

EDIT - bug #9322

Remove invalid designation taxon relationship

11/25/2020 02:38 PM - Andreas Müller

| | | | |
|---|----------------|--------------------------|-----------|
| Status: | Closed | Start date: | |
| Priority: | Priority14 | Due date: | |
| Assignee: | Andreas Müller | % Done: | 100% |
| Category: | cdmlib | Estimated time: | 0:00 hour |
| Target version: | Release 5.18 | Found in Version: | |
| Severity: | normal | | |
| Description | | | |
| Invalid designations are simply names which are not valid and therefore are called "designations" only not "names". | | | |
| For some reason in the Berlin Model there was a taxon relationship called "is invalid designation for" which was imported to CDM as well. | | | |
| This relationship should not be used. Instead a synonym relationship should be used and the "designation" name should get a nomenclatural status indicating that it is "invalid". | | | |
| Therefore everything related to "invalid designation" relationship should be deleted in TaxEditor, Dataportal and cdmlib/model. | | | |

LEFT JOIN TaxonBase tb2 ON tb2.id = tr.relatedto_id
LEFT JOIN TaxonBase tb1 ON tb1.id = tr.relatedfrom_id
WHERE trType.uuid = '605b1d01-f2b1-4544-b2e0-6f08def3d6ed'
)
```

#6 - 11/27/2020 06:33 PM - Andreas Müller

- Status changed from New to Resolved

- % Done changed from 0 to 50

This is generally fixed. Only in integration_reference there is still 1 record left (mail sent to AK).

After release run query again on all production to be on the save side.

#7 - 12/01/2020 10:41 AM - Andreas Müller

- Priority changed from New to Priority14

#8 - 12/02/2020 07:00 PM - Andreas Müller

- Status changed from Resolved to Closed

- % Done changed from 50 to 100
