

EDIT - task #9407

Reuse taxon should check classification before save

01/21/2021 12:03 PM - Andreas Müller

Status:	New	Start date:	
Priority:	New	Due date:	
Assignee:	Katja Luther	% Done:	0%
Category:	taxeditor	Estimated time:	0:00 hour
Target version:	Unassigned CDM tickets		
Severity:	normal		
Description			
<p>Reusing a taxon is not allowed in the same classification. If doing so anyway in the taxon node dialogue an error is thrown during save.</p> <p>Better we should not allow selecting a taxon from the same classification from the beginning. This can be done by either filtering the taxa in the taxon selection dialogue or by checking the classification immediately after returning from the selection dialogue by informing the user that the selection was not successful because the data is invalid.</p> <p>As taxon reuse is rare the solution should simple (not take much time).</p>
