label issues in term editors

History

#1 - 03/01/2021 05:03 PM - Katja Luther

- % Done changed from 0 to 40

#2 - 03/01/2021 06:40 PM - Katja Luther

- Status changed from New to Resolved

- Assignee changed from Katja Luther to Andreas Müller

Changed to client side ordering because the server does not know about the preference "Show Id in Vocabulary" for the term tree editor. Please review

#3 - 03/02/2021 09:33 PM - Andreas Müller

- Status changed from Resolved to Feedback

- Assignee changed from Andreas Müller to Katja Luther

There was still an NPE when editing the title of a tree. I fixed this with a501f1e0 .

It generally works. Only I do not understand why the comparator implements the label provider again. Shouldn't we reuse the label provider code to be on the save side?

#4 - 03/09/2021 09:49 AM - Katja Luther

- *Status changed from Feedback to Resolved*

- *Assignee changed from Katja Luther to Andreas Müller*

It generally works. Only I do not understand why the comparator implements the label provider again. Shouldn't we reuse the label provider code to be on the save side?

The comparator is adapted and uses the labelprovider, please have a short look whether everything is ok, then we can close the ticket.

#5 - 03/09/2021 11:57 AM - Andreas Müller

Can we delete the commented text in CreateDefinedTermOperation?

#6 - 03/09/2021 12:13 PM - Andreas Müller

Can we rename FeatureTreeViewerComparator to TermTreeViewerComparator? "FeatureTree" is deprecated. Maybe we can run search and replace for "FeatureTree" for the complete code (but take care for possible exceptions).

#7 - 03/09/2021 02:09 PM - Andreas Müller

- *Status changed from Resolved to Feedback*

- *Assignee changed from Andreas Müller to Katja Luther*

- *% Done changed from 40 to 90*

Functionality and new code looks looks ok beside this and ticket can be closed.

#8 - 03/10/2021 12:33 PM - Katja Luther

- *Status changed from Feedback to Closed*

#9 - 03/10/2021 12:33 PM - Katja Luther

- *% Done changed from 90 to 100*
