

EDIT - feature request #9515

Add DescriptionType to TaxonDescription of TaxonAssociations in ABCD import

03/05/2021 03:10 PM - Katja Luther

Status:	Closed	Start date:	
Priority:	New	Due date:	
Assignee:	Katja Luther	% Done:	100%
Category:	cdmadapter	Estimated time:	0:00 hour
Target version:	Release 5.22		
Severity:	normal		
Description			
copied from #9512 :			
Probably more such descriptions are created by the ABCD import. Katja, can you please check if ABCD already sets the status? If not create a ticket with additivity tag.			
There are some other issues related to this status. I will create new tickets for them.			
Open issues:			
<ul style="list-style-type: none">• search for a description of type "TaxonAssociation" and use this description or create a new one

History

#1 - 03/05/2021 03:10 PM - Katja Luther

- Related to bug #9512: Descriptions being created for individual associations in matrix should have description status "Individual association" added

#2 - 03/05/2021 03:32 PM - Andreas Müller

- Tags set to additivity, fast

- Target version changed from Unassigned CDM tickets to Release 5.22

#3 - 03/05/2021 03:49 PM - Andreas Müller

- Related to feature request #9519: Add posibility to add IndividualAssociation descriptions in Facts View added

#4 - 03/09/2021 10:44 AM - Andreas Müller

- Subject changed from Add DescriptionType to TaxonDescription of TaxonAssociations to Add DescriptionType to TaxonDescription of TaxonAssociations in ABCD import

#5 - 03/18/2021 10:00 AM - Katja Luther

Now a description with type IndividualsAssociation is created or if already existing used to add the individual associations.

#6 - 03/18/2021 10:02 AM - Katja Luther

- Status changed from New to Resolved

- % Done changed from 0 to 50

Applied in changeset [cdmlib|25935ad5dc1e7e1ef297198e5ca0148e36f25230](#).

#7 - 03/18/2021 10:04 AM - Katja Luther

- Category changed from cdmadapter to taxeditor

- Assignee changed from Katja Luther to Andreas Müller

- Severity changed from normal to blocker

please review

#8 - 03/18/2021 10:13 AM - Andreas Müller

- Category changed from taxeditor to cdmadapter

- Severity changed from blocker to normal

#9 - 03/19/2021 12:56 PM - Andreas Müller

- Status changed from Resolved to Feedback

- Assignee changed from Andreas Müller to Katja Luther

Have you tested with a real import that it works?

#10 - 03/19/2021 01:02 PM - Andreas Müller

- % Done changed from 50 to 70

I have renamed the method to set the description to the import state to get/setIndividualsAssociationDescriptionPerTaxon to make semantics clear. (push will come with the model update branch)

There is one thing I wonder about: in about line 1253 you call this method again. I it should be removed here and either added to the loop (before break) or generally be put before "//PREPARE REFERENCE QUESTIONS" and called only 1x (so being removed in the if-statement with "TaxonDescription.NewInstance(taxon, false);" (the later is preferred as it is simpler)

Can you adapt the code accordingly (once I have pushed my changes) and run a final import test on nightly. Then we can close this ticket.

#11 - 03/31/2021 10:34 AM - Katja Luther

- Status changed from Feedback to Closed

adapted the code, tested and worked as expected.

#12 - 03/31/2021 10:36 AM - Katja Luther

- % Done changed from 70 to 100

#13 - 06/03/2021 11:25 AM - Andreas Müller

- Tags changed from additivity, fast to additivity
