| <b>Category:</b>  | cdm-dataportal     | <b>Estimated time:</b> | 0:00 hour |
| <b>Target version:</b>  | Release 5.45       |                        |           |
| <b>Severity:</b>  | normal             |                        |           |
| <b>Description</b>  |                    |                        |           |
| <p>Sometimes users use links to websites within an image gallery. These usually are identified by mime type "text/html", "application/xhtml+xml", or similar. If this mime type is detected these links should not be treated as image.</p> <p>The example here shows a way to handle these external media items:<br/><a href="http://universalviewer.io/examples/?manifest=http://wellcomelibrary.org/iiif/b17502792/manifest#c=&amp;m=&amp;s=&amp;cv=&amp;manifest=https%3A%2F%2Fedsilv.github.io%2Ftest-manifests%2Fdefaulttextension.json">http://universalviewer.io/examples/?manifest=http://wellcomelibrary.org/iiif/b17502792/manifest#c=&amp;m=&amp;s=&amp;cv=&amp;manifest=https%3A%2F%2Fedsilv.github.io%2Ftest-manifests%2Fdefaulttextension.json</a> --&gt; see <a href="#">#9712</a></p> <p>Handling of webapp URIs already works in the simple image gallery, see <a href="#">#8028</a> for details on open issues with this viewer.</p> |                    |                        |           |
