fix #9562: getting the correct value for publish flag of field unit and derived unit

History

#1 - 03/26/2021 04:07 PM - Katja Luther

- Status changed from New to Resolved
- % Done changed from 0 to 50

Applied in changeset [taxeditor|6dd14e6fb067f81fb1deba7377d5bf81312a5991](#).

#2 - 03/26/2021 04:10 PM - Katja Luther

- Assignee changed from Katja Luther to Andreas Müller
- Severity changed from normal to blocker

this should be fixed. The problem was that the value for the publish checkbox was taken from `DerivedUnitFace.isPublish()` and this always returns the value of the field unit if a field unit exists.

Now the value for the publish checkbox is taken from `DerivedUnitFacade.innerDerivedUnit().isPublish` for derived units and `DerivedUnitFacade.innerFieldUnit().isPublish` for field units.

#3 - 03/30/2021 01:45 PM - Andreas Müller

- Status changed from Resolved to Closed
- Assignee changed from Andreas Müller to Katja Luther
- % Done changed from 50 to 100

This seems to work
