History

#1 - 05/07/2021 10:02 AM - Andreas Müller

- Subject changed from ROLE_USER_MANAGER is missing in FirstDataImporter to ROLE_USER_MANAGER is missing as a group in FirstDataImporter
- Description updated

#2 - 05/07/2021 10:13 AM - Andreas Müller

- Status changed from New to In Progress
- Assignee changed from Andreas Kohlbecker to Andreas Müller
- Priority changed from New to Highest
- % Done changed from 0 to 20

#3 - 05/07/2021 10:24 AM - Andreas Müller

- Related to bug #9051: Role Project manager should not have right to edit users and creating a new user with missing rights results in two message-boxes added

#4 - 05/07/2021 12:22 PM - Andreas Müller

- Related to feature request #9613: Use fixed uuids for roles project manager, publish and user manager added

#5 - 05/07/2021 12:41 PM - Andreas Müller

- Status changed from In Progress to Resolved
- % Done changed from 20 to 50

#6 - 05/07/2021 01:24 PM - Andreas Müller

- Assignee changed from Andreas Müller to Andreas Kohlbecker

This is fixed and can be reviewed.

#7 - 05/11/2021 05:39 PM - Andreas Kohlbecker

- Status changed from Resolved to In Progress

- Assignee changed from Andreas Kohlbecker to Andreas Müller

- % Done changed from 50 to 40

implementation ok, the FirstDataInserterTest however looks like it has never been implemented, seems like a copy of some other test. Since you have changed some core code, I suggest to implement at least one test that covers addMissingAuthority()

#8 - 05/11/2021 05:57 PM - Andreas Kohlbecker

I now see that there is another ticket ([#9613](#)) to which this rather refers to, please decide yourself in which context you want to deal with this.

#9 - 05/11/2021 06:42 PM - Andreas Müller

- Status changed from In Progress to Resolved

- Assignee changed from Andreas Müller to Andreas Kohlbecker

The addMissingAuthority method is a private method that is explicitly tested in testBlankDB by the result dataset "FirstDataInserterTest.testBlankDB-result.xml". This is why I extended the result dataset. With this result dataset I don't think there is a need for testing the method explicitly. Before there was a need because the adding of the authority was tested nowhere.

#10 - 05/11/2021 06:42 PM - Andreas Müller

- % Done changed from 40 to 50

#11 - 05/11/2021 06:45 PM - Andreas Müller

But I also do not understand what the testInsertData() test method is for. It does not seem to be related to first data inserting. Should we remove it?

#12 - 05/12/2021 10:25 AM - Andreas Kohlbecker

- Status changed from Resolved to Closed

- Assignee changed from Andreas Kohlbecker to Andreas Müller

- % Done changed from 50 to 100

Ja, die sollte weg, dass die hier keinen Sinn macht, meinte ich auch mit "seems like a copy of some other test."

Den Sinn der anderen Test-Methode habe ich nicht gleich erkannt da ich den Methodennamen falsch interpretiert hatte. Ich hab den leicht geändert und auch noch einen java doc Kommentar beigefügt.

Ich denke wir können das Ticket nun schließen

#13 - 05/17/2021 09:52 AM - Andreas Müller

- Target version changed from Release 5.25 to Release 5.23
