

EDIT - feature request #9664

Add nomenclaturalTitleCache to TeamOrPersonBase

06/10/2021 03:42 PM - Andreas Müller

Status:	Resolved	Start date:	
Priority:	Highest	Due date:	
Assignee:	Andreas Müller	% Done:	50%
Category:	cdm	Estimated time:	0:00 hour
Target version:	Release 5.25		
Severity:	normal		
Description			
Similar to collectorTitle(Cache) we need a cache for nomenclaturalTitle in Person, too. This is to make it possible to distinguish if a nomenclaturalTitle is only computed from other information and therefore probably wrong or if it was explicitly defined. After closing ticket check data in E+M according to #8499
