<b>Description</b>			
copied from <a href="#">#9337</a>			
<ul style="list-style-type: none"><li>• Show supplemental data for term trees (term nodes already work <a href="#">#10335</a>)</li><li>• Show term data in details view (<a href="#">#10354</a>)</li><li>• Issues to "Improve (large) term tree" editing <a href="#">#10325</a></li><li>• For a very short time it still seems to open it on bottom and then moves it up. This looks not nice (though not critical). This only happens when opening a termtree editor the first time, when closing and reopening the editor it opens at the right place.</li><li>• Tree collapses sometimes after save</li><li>• d&amp;d from vocabulary editor to character editor not yet supported (maybe handled in <a href="#">#8554</a>, <a href="#">#8238</a>)</li><li>• Decide if Characters should not be possible to exist in Feature tree (but ofcourse not the other way round) - see also <a href="#">#8554</a>, <a href="#">#8238</a></li><li>• Improve symbols for flags in use for term trees in term tree editor (<a href="#">#9700</a>) this is implemented for hierarchical collections</li><li>• Show error message when feature tree can not be shown because of dirty data (<a href="#">#9334</a>)</li><li>• fix remaining issue in <a href="#">#8756</a> (refresh button for structure tree and property tree in Character Editor)</li><li>• When deleting a tree and then saving for a short time the tree reappears in the UI which is confusing (low priority)</li><li>• <del>New menu in term tree editor should have alternatives for flags</del> <a href="#">#9643</a></li><li>• All DTOs should be created without cdm objects <a href="#">#10316</a></li></ul>
