

EDIT - bug #9703

Improve handling of type designations with no status in TypeDesignationSetManager

07/08/2021 06:46 PM - Andreas Müller

Status:	Resolved	Start date:	
Priority:	New	Due date:	
Assignee:	Katja Luther	% Done:	50%
Category:	cdmlib	Estimated time:	0:00 hour
Target version:	Release 5.25	Found in Version:	
Severity:	normal		
Description			
Currently they are labeled as "Nametype: " wich is obviously not (always) correct.			
Generally they should not get any status label and therefore should be put to the beginning as otherwise it is not fully clear from the formatting if they inherit the status from the previous record or if they have no status at all.
