

EDIT - bug #9729

Incomplete bean property Team.nomenclaturalTitleCache

07/30/2021 02:00 PM - Andreas Kohlbecker

Status:	Closed	Start date:	
Priority:	New	Due date:	
Assignee:	Andreas Müller	% Done:	100%
Category:	cdmlib	Estimated time:	0:00 hour
Target version:	Release 5.27	Found in Version:	Release 5.25
Severity:	normal		
Description			
after solving #9664 the INomenclaturalAuthor.nomenclaturalTitleCache bean property is inconsistent. The setter needs to conform to new new getter method name.

- Found in Version set to Release 5.25

completeness of the the bean property has been fixed by cdmlib:135329fc

However, there are now redundant setters for the nomenclaturalTitleCache property, the setter setNomenclaturalTitle() is deprecated and needs to be removed.

I am delegating this to you Andreas since this is model-related

#4 - 09/01/2021 01:15 PM - Andreas Müller

- Status changed from In Progress to Resolved

- Assignee changed from Andreas Müller to Andreas Kohlbecker

- % Done changed from 30 to 50

I adapted the changes so that it is similar to `IdentifiableEntity.titleCache` implementation.

This means:

- the `setTitleCache(String)` method is set to deprecated (as it should not be called for setting the cache)
- the method to use is `setNomenclaturalTitleCache(String, boolean)` now
- I removed all calls to `Team.setNomenclaturalTitle(String)` and `TeamOrPersonBase.setNomenclaturalTitle(String)` as this method is now only needed in `Person` class.

#5 - 09/01/2021 01:16 PM - Andreas Müller

Please check if this fullfills the requirements in vaadin.

#6 - 09/02/2021 12:59 PM - Andreas Kohlbecker

- Assignee changed from *Andreas Kohlbecker* to *Andreas Müller*

seems to be working in `cdm-vaadin` with the latest adaptations. I could not find any problems.
