

EDIT - bug #9801

Orphan removal does not work correctly for CdmLinkSource

10/08/2021 09:18 PM - Andreas Müller

Status:	New	Start date:	
Priority:	New	Due date:	
Assignee:	Andreas Müller	% Done:	0%
Category:	cdm	Estimated time:	0:00 hour
Target version:	CDM UML 5.43	Found in Version:	
Severity:	normal		
Description			
as part of OriginalSourceBase. As it is 1:1 the mapping should be done the other way round to make orphan removal work. CdmLinkSource must link via FK to OSB. Currently it is the other round.			
There are a view workarounds that may be removed after fixing this. Search for #9801 in code.			
Also move flush to service layer (see notes in code) if not yet done.
