

EDIT - bug #9838

Loading of details of categorical and quantitative data takes very long

11/01/2021 01:06 PM - Katja Luther

Status:	Closed	Start date:	
Priority:	New	Due date:	
Assignee:	Katja Luther	% Done:	100%
Category:	taxeditor	Estimated time:	0:00 hour
Target version:	Release 5.28	Found in Version:	
Severity:	normal		
Description			
The loading of the details view of categorical data or quantitative data takes really long and the loaded objects in default cache (term cache) increases extremely (up to 9000-10000)			
Related issues:			
Related to EDIT - bug #8243: Cdm Cache uses a lot of disk space Resolved

History

#1 - 11/01/2021 01:09 PM - Katja Luther

The long time loading was produced by a mistake in term manager.

The extreme number of loaded objects is caused by the initialization of the state combo box with term type state. This should be filled only with the used states.

#2 - 11/02/2021 09:06 AM - Andreas Müller

- Target version changed from Unassigned CDM tickets to Release 5.28

This is at least partly handled in 5.28 as far as I can see. If needed can we split ticket?

How far is it solved?

#3 - 11/02/2021 10:02 AM - Andreas Müller

- Description updated

#4 - 11/02/2021 10:22 AM - Katja Luther

- Status changed from New to Resolved

The extreme number of loaded objects is caused by the initialization of the state combo box with term type state. This should be filled only with the used states.

Now the entity is set during initialization before the elements are created, this avoids the creation of a combo box with all available states.

#5 - 11/02/2021 11:15 AM - Andreas Müller

- Related to feature request #9841: Possibility to open only a taxonomic subtree of a matrix added

#6 - 11/02/2021 11:15 AM - Andreas Müller

- Related to deleted (feature request #9841: Possibility to open only a taxonomic subtree of a matrix)

#7 - 11/02/2021 11:16 AM - Andreas Müller

- Related to bug #8243: Cdm Cache uses a lot of disk space added

#8 - 11/02/2021 11:39 AM - Katja Luther

- Assignee changed from Katja Luther to Andreas Müller

Tested all collection elements in nightly and could not find any problems. Please have another look and review.

#9 - 11/03/2021 12:25 PM - Andreas Müller

- Status changed from Resolved to Closed

- % Done changed from 0 to 100

I think we can close this ticket.

Loading categorical data facts is much faster now and only a view objects are loaded to the default cache.
