

EDIT - bug #9846

Improve delete configuration in specimen list editor

11/03/2021 02:33 PM - Katja Luther

Status:	New	Start date:	
Priority:	New	Due date:	
Assignee:	Katja Luther	% Done:	0%
Category:	taxeditor	Estimated time:	0:00 hour
Target version:	Release 5.45	Found in Version:	
Severity:	normal		
Description copied from #6480 : adapt labels: <ul style="list-style-type: none">• "Delete Children" => "Delete children", to be consistent• Delete from "Described specimen" => ... "described specimen" I wonder if "Delete children" makes sense in bulk editor. This is a flat view. Users may not know what a "child" is. Either we completely remove it or we adjust it to "Delete all derived units". This is different in the Specimen-Editor where the tree is visible and therefore it might be clearer what is meant by "child".
